# Omega Pure Complete

Marine Lipid Superfoods  
for Optimal Immune Health\*

PRACTITIONER EXCLUSIVE

## Omega Pure Complete Supplementation

Omega Pure Complete is a revolutionary product combining a sustainable and line-caught clean source of Alaskan sockeye salmon and cod liver oil into a bioactive superfood with multiple health benefits.\* An extensive body of clinical research demonstrates how supplementation with Omega Pure Complete may include these benefits:

- Promotes a balanced immune response\*
- Supports healthy inflammatory markers\*
- Promotes healthy neurological function\*
- Supports optimal intestinal health\*
- Supports ocular health\*
- Promotes healthy tissues and skin\*
- Promotes healthy aging processes\*
- Eurofins batch tested for over 450 potential contaminants\*
- Triglyceride form

## How Omega Pure Complete Works

A complete nutrient profile promotes optimal immune, cardiovascular, and neurological health through a combined cod liver oil and salmon oil softgel.\* Omega Pure Complete contains a full spectrum of omega-3 fatty acids, naturally occurring vitamins A and D, and pro-resolving mediators (PRMs).\* This product is more than the average omega-3 supplement. It is a revolutionary and immunologically active marine lipid superfood with wide-ranging health benefits.\*

### Omega-3 Fatty Acids

Seafood is a high-quality source of the omega-3 fatty acids needed to help promote healthy inflammatory responses and balanced immune system reactions.\*<sup>1</sup> Omega Pure Complete contains all three omega-3 fatty acids: eicosapentaenoic acid (EPA), docosahexaenoic acid (DHA), and the often missing docosapentaenoic acid (DPA). These fatty acids play critical roles in chemical messaging, cellular structure, and energy metabolism related to healthy immune system and nervous system functions as well as brain health.\*<sup>2,3,4</sup>

### Pro-Resolving Mediators

The formula has a rich and broad profile of PRMs responsible for promoting a balanced immune response.\*<sup>5</sup> The level of PRMs naturally occurring in Omega Pure Complete are unique to this formula and work synergistically with the omega-3 fatty acids to support immune, neurological, intestinal, and ocular health.\*<sup>6,7</sup>

## Vitamin A and Vitamin D

Marine lipid superfoods contain healthy levels of naturally occurring vitamin A and vitamin D, playing physiological roles in supporting healthy immune activity through cellular receptors activating gene expression and protein synthesis.\*<sup>8</sup>

While vitamin A is critical for optimal white blood cell activity in healthy innate immune responses, vitamin D supports healthy barrier tissues for optimal innate and adaptive immune responses.\*<sup>9,10</sup>

## What Makes Omega Pure Complete A Better Choice Over Other Fish Oil Supplements?

Omega Pure Complete is a revolutionary clinical-grade supplement unlike other fish oils. Sustainable fishing practices allow for a minimally processed, nutrient-dense marine lipid superfood. Alaskan sockeye salmon and cod are line-caught one at a time in the pristine waters of the Bering Sea, where the fish are traceable to the time, date, and location of catch.

Next, the fish are minimally processed on board the unique fishing vessel to ensure the highest level of nutrient preservation. Over 90% of the fish's key nutrients are retained in the environmentally friendly production processes to create a clean, nutrient-dense marine lipid superfood.

Omega Pure Complete exceeds national and international quality and purity standards, including third-party testing by Eurofins, ensuring the product is free from over 450 potential environmental toxins. The Marine Stewardship Council (MSC) has certified the fishery practices as sustainable, humane, and eco-friendly.

# Supplement Facts

Form: 120 Softgels

Serving Size: 2 Softgels

Ingredients:	Amount	%DV*
Calories	25	
Total Fat	2 g	3%*
Cholesterol	15 mg	5%*
Protein	<1 g	
Vitamin A (naturally occurring)	466 mcg	52%
Vitamin D (naturally occurring)	3 mcg	15%
Total Omega-3 Fatty Acids	629 mg	**
EPA (Eicosapentaenoic Acid)	247 mg	**
DHA (Docosahexaenoic Acid)	255 mg	**
DPA (Docosapentaenoic Acid)	48 mg	**
Total PRMs [including 18-hydroxy-eicosapentaenoic acid (18-HEPE), 17-hydroxydocosahexaenoic acid (17-HDHA), 14-hydroxydocosahexaenoic acid (14-HDHA)]	176 mcg	**
Additional Omega-3 Fatty Acids	78.83 mg	**
Astaxanthin	3.64 mcg	**

**Ingredients:** Wild Caught Sockeye Salmon and Cod Liver Oil, Capsule Shell (gelatin, glycerin, purified water), Natural Lemon Oil, Natural Mixed Tocopherols From Sunflower Oil.

**Contains:** Fish (Salmon and Cod).

**Directions:** Take 2 softgels 1-2 times daily with food or as directed by your healthcare practitioner.

**Caution:** Consult your healthcare practitioner if pregnant, nursing, or taking nutritional supplements or medications. Keep out of reach of children.

Produced in a cGMP facility.

Produced in a pharmaceutically-licensed facility.
