

Injury & Surgical Support Formula

Nutritional Support for Healthy Tissue Maintenance*

NutriDyn's Injury & Surgical Support Formula is formulated with ingredients to support the whole body and aid joint health.* As we age, the body gradually becomes less efficient at supporting tissue health.*

Moreover, joints typically exhibit more rapid degeneration than other tissues, since they are subject to large amounts of mechanical stress through daily physical activity. This can leave active individuals susceptible to a variety of common joint conditions, including osteoarthritis, bursitis, and synovitis.

As such, supplementing with nutrients found in Injury & Surgical Support Formula can promote cellular health and support load-bearing articulations.*

How Injury & Surgical Support Formula Works

Research suggests that supplemental glucosamine and methylsulfonylmethane (MSM) can benefit cartilage integrity, promote a healthy inflammatory response, and fight oxidative stress in joints.* Injury & Surgical Support Formula also contains the enzyme trypsin which supports the development of healthy tissue (called hemostasis) and circulation.*

Furthermore, Injury & Surgical Support Formula has crucial micronutrients that support cellular health and total joint health, such as: vitamin C, manganese, B vitamins, zinc, and vitamin E.* Lemon bioflavonoids, such as rutin and hesperidin, found in Injury & Surgical Support Formula promote the absorption of vitamins and support healthy skin tissue.*

Injury & Surgical Support Formula Supplementation

Injury & Surgical Support Formula contains a comprehensive panel of research-supported ingredients that assist with whole body health.* The primary benefits and quality differences of Injury & Surgical Support Formula include:

- Contains key micronutrients that support cellular health*
- Supports total joint health*
- Helps regulate synovial fluid concentrations in articulations*
- Supports cartilage, tendons, and ligaments*
- Highly bioavailable ingredients and no GMOs or gluten

Each bottle of Injury & Surgical Support Formula contains one month's worth of doses.

Form: 240 Capsules

Serving Size: 8 Capsules

Ingredients	Amount	%DV
Vitamin C (ascorbic acid)	1.5 g	1,667%
Vitamin E (as d-alpha-tocopherol succinate)	133 mg (200 IU)	888%
Thiamin (as thiamine HCl)	10 mg	833%
Riboflavin	10 mg	769%
Niacin (as niacinamide)	75 mg	468%
Vitamin B6 (as pyridoxine HCl)	50 mg	2,941%
Folate	166 mcg DFE	41%
Vitamin B12 (as cyanocobalamin)	100 mcg	4,166%
Pantothenic Acid (as d-calcium pantothenate)	50 mg	1,000%
Calcium (as calcium citrate)	105 mg	8%
Magnesium (as magnesium oxide)	224 mg	53%
Zinc (as zinc picolinate)	12 mg	109%
Copper (as copper chelate)	0.4 mg	44%
Manganese (as manganese sulfate)	32 mg	1,391%
Trypsin 1:75	1 g	**
Lemon Bioflavonoids	500 mg	**
Glucosamine HCl	500 mg	**
MSM (methylsulfonylmethane)	500 mg	**

Other Ingredients:

Gelatin (capsule), rice flour, and magnesium stearate (vegetable source).

Directions:

Take eight capsules daily, in two divided doses, as a dietary supplement, or as directed by your healthcare practitioner.

Caution: If you are pregnant, nursing, or taking medication, consult your healthcare practitioner before use. Keep out of reach of children.

Warning: This product contains milk and crustacean shellfish (crab and shrimp). Do not use if you have an allergy to shellfish or dairy.
