

BACTERIACLEANSE

What Is BACTERIACLEANSE?

TonicSea Bacteriacleanse is formulated with potent gastrointestinal and immune-supporting plants, including olive leaf, noni, coriander, kelp, reishi mushroom, and coriolus mushroom.* A body of clinical evidence suggests that these “superfoods” can help support the gastrointestinal (GI) tract and provide immune support.*

Having a healthy GI tract and healthy immune function is critical for adults, mainly because the gut and immune system are major promoters of inflammatory response and detoxification. TonicSea Bacteriacleanse is a simple and effective way to help you get the herbal ingredients you need for a healthy GI tract and healthy immune response.*

Read on to learn more about how TonicSea Bacteriacleanse works and its powerful benefits.

How BACTERIACLEANSE Works

Olive Leaf Extract

Olive leaf extract has been clinically studied intensively, with the results suggesting that it may support healthy cardiovascular and metabolic function.* Olive leaf is a rich source of polyphenols, especially Oleuropein. It is postulated that the phenolic components of olive leaf are responsible, in part, for the cardiovascular-supporting actions of the Mediterranean diet*.

Noni Fruit Powder

Noni is a tall evergreen and flowering tree shrub that has been used in traditional Chinese medicine for centuries as a means of supporting gastrointestinal function.* Noni contains a large amount of alkaloids, compounds that help lower blood pH and maintain an alkaline state; in turn, alkaloids may promote a variety of beneficial properties in humans, especially with regards to vascular and immune function.*

Coriander Leaf

Coriander leaf, known commonly as cilantro, contains an immense amount of vitamin A and carotenoids, along with cineole and linoleic acid - two compounds used in holistic health for supporting joint health and healthy gastrointestinal function.* Coriander essential oil, in particular, has been demonstrated to possess strong antioxidant actions.

Kelp

Kelp seaweeds are rich in micronutrients, such as potassium, magnesium, calcium, iodine, and iron. Kelp also contains a special protein known as fucoxanthin that has been shown to help support weight loss and promote healthy liver function, which is key for detoxifying the body.*

Reishi and Coriolus Mushrooms

The reishi mushroom is a large, tough mushroom that has been used for centuries in traditional Chinese medicine for liver and immune support. Research suggests that the main substances responsible for the immune and liver supporting effects of reishi mushrooms are proteins and triterpenes, particularly ganodermic acids.* The proteins found in reishi mushrooms have also been shown to support healthy liver function by encouraging healthy levels of oxidative stress. There is also clinical data suggesting that ganodermic acids promote a healthy inflammatory response.* The coriolus mushroom, also known as turkey tail, contains unique polysaccharides - polysaccharide peptide (PSP) and polysaccharide-K (PSK) which have been shown to favorably support both innate and adaptive immune responses.*

BACTERIACLEANSE Supplementation

Research cited herein suggests that the herbal ingredients in Bacteriacleanse support natural immune function and healthy inflammatory response through a variety of mechanisms.* The most pertinent research-backed benefits of supplementation with TonicSea Bacteriacleanse may include:

- Supports a healthy gastrointestinal tract*
- Supports healthy immune function*
- Supports healthy detoxification processes (especially in the liver)*
- All-natural herbal ingredients*
- Non-GMO, vegetarian-friendly, and gluten-free*

BACTERIACLEANSE Dosing Recommendations

Supplement Facts		
Serving Size: 3 Capsules Servings Per Container: 30		
	Amount Per Serving	%DV†
Olive (<i>Olea europaea</i>) Leaf Extract	300 mg	†
Noni (<i>Morinda citrifolia</i>) Fruit Powder	300 mg	†
Coriander (<i>Coriandrum sativum</i>) Leaf	300 mg	†
Kelp (<i>Ascophyllum nodosum</i> , <i>Laminaria digitata</i>)	300 mg	†
Reishi Mushroom (<i>Ganoderma lucidum</i>)	150 mg	†
Coriolus Mushroom (<i>Coriolus versicolor</i>)	150 mg	†

† Daily Value (DV) not established.

Other Ingredients: Hypromellose (Vegetable Capsule) and Magnesium Stearate.
This product is GLUTEN FREE, NON GMO and VEGETARIAN.

Adults: Take 3 capsules twice daily, or as directed by your healthcare practitioner.

Note: If you are pregnant, nursing, or taking medication, consult your healthcare practitioner before use.

Keep out of reach of children.

The TonicSea Quality Difference

This product is non-GMO, vegetarian-friendly and made in a cGMP facility. It is also free of wheat/gluten, soy, dairy, shellfish, egg, tree nuts, and artificial colors.
